SUBJECT: OC-MPB Weekly Staff Notes, 2 August - 8 August 1987

include: stay in close contact with DoD on the issue; brief the Office of Congressional Affairs; discuss subject with appropriated Directorate of Operations personnel; provide a briefing to Mr. John Grimes of the National Security Council staff. These actions are presently underway.

3. Liaison Activities:

25X1 a. On 5 August, [redacted] attended the quarterly Nationwide Emergency Telecommunications Service (NETS) Industry Conference held at the MITRE Corporation in McLean, Virginia. Under contract with the government, American Telephone and Telegraph (AT&T) has prepared draft specifications for the NETS system and its major elements which will be used in subsequent acquisition of NETS services. Both government and industry have received these draft specification documents. This session was devoted to reviewing approximately 400 comments that had been submitted relating to the specifications and to proposed action to be taken by AT&T before final documents can be prepared.
