Ben,

Request your assessment on the contractor data requested by Testor Corp in their 7 Oct 81 FOIA request. With regards questions #1, 2, 3, 6, 9:

Is the data classified?

Is it Lockheed proprietary?

Does Air Force own CIA own data?

Is it retrievable from your archives?

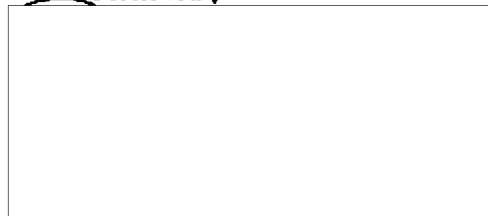

If data was to be released, could it be done on a commercial basis between Lockheed and Testor?

The Air Force could assist in sanitizing the documentation.

Estimate of cost. (ROM)

Need your assessment by 30 Oct 81.

Thanks,
