Mr. Charles Briggs
Director
Office of Congressional Liaison
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Briggs:

The Permanent Subcommittee on Investigations is conducting a preliminary inquiry into the efficiency and effectiveness of the Executive Branch in determining the suitability of government and contract employees to work in national security activities.

The Minority staff of the Subcommittee met with [redacted] and [redacted] of the Central Intelligence Agency on October 10, 1984 to discuss the Agency's personnel security operations. During that meeting the staff was advised that the CIA forms a task force which evaluates the circumstances surrounding all recent significant espionage cases. In that regard, it is requested that representatives of these task forces meet with members of the Minority staff to discuss any findings and recommendations relating to deficiencies, problems or other matters that pertain to personnel security.

The Subcommittee also has an interest in interviewing a former member of a hostile intelligence agency who has defected to the United States. This particular individual was referred to as [redacted]

It is understood that much of the information relating to these espionage cases is of the highest sensitivity, therefore, it is not the intent of the Subcommittee to delve into such issues. However, the Subcommittee has oversight jurisdiction concerning government operations of national security matters and in that regard we wish to examine any documentation relating to personnel security.

Your cooperation in these matters will be greatly appreciated. For further information regarding this request, you may contact either Glenn Fry or John Sopko, Minority staff members, at 224-9157.

Sincerely,
