Dear Marc,

Attached is the agenda for the conference on revolutionary change which we discussed the other day. A colleague who has heard you speak at our training sessions in Virginia has strongly emphasized to me how knowledgeable you are on this subject, and in particular on Latin American issues. We are looking forward very much to your participation.

From our standpoint, on 20 November (please see agenda) it would be most useful if you could be a discussant (15-20 minutes) on the roundtable on Chile. And we would welcome your comments at numerous other points throughout the two days of discussions -- such as the roundtable on "antecedent conditions" and the country-specific talks on 21 November.

Any comments you may have on this agenda would be greatly appreciated.

Best Regards,
