2. Move will include:

- A. One KY-71
- B. Two Wang ICT
- C. One 3500-T Facsimile
- D. Necessary Switching Devices and cabling

3. Confirming discussions held on 19 March 1987 between DFG and Air Branch representatives, the move will be to a similarly alarmed area, with the same zone of control, but will NOT be within a separate vault. It is understood that a security container will suffice.

4. A Comsec survey was previously conducted for this area. Dedicated lines have been installed.

5. Please advise when you anticipate the move may be accomplished. Air Branch point of contact for coordination is
