MEMORANDUM FOR: Executive Director

FROM: Richard F. Stolz
Deputy Director for Operations

SUBJECT: Task Force Proposal on Agency Classification System

1. A simplification of position classification is long overdue and I concur in principle with the direction of the task force report. I would only comment that implementation is much more complicated than this memorandum leads one to believe and the DO intends to implement carefully.

2. With respect to the budget management system, I fully agree with the plan to proceed with development, but I see it complementing, not replacing a position management framework, at least in our lifetime.
