MEMORANDUM FOR: Director of Logistics

FROM :
Chief, Career Management Staff

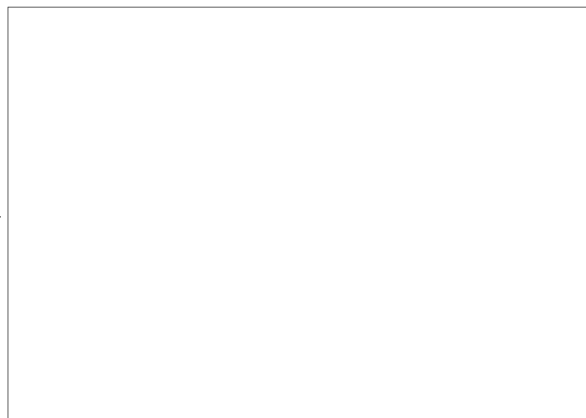

SUBJECT : Planning for Logistical Support in IAD

REFERENCE : D/LOG Memo to C/IAD
Additional Positions for the Office of Logistics,
8 Feb 1982

1. As you may know, EPDS and CMS have discussed position requests from DDA components, including those mentioned in your memorandum, with from the ODDA. During this period of significant personnel rebuilding in this directorate we already have committed a significant number of our ceiling points and FTE to assist DDA elements to provide additional support in connection with the CT program, language training, security clearances and logistical assistance. Tentatively, we have accomplished this by absorbing DDA personnel against our DO positions. We were not able to give much encouragement for additional support positions or use of DO ceiling, at least for FY 82, because of Congressional restraints on our use of new positions, and the fact that we are exceeding FTE allocations.

2. We very much hope that you can continue to provide the planning and contracting assistance of . We have absorbed under our ceiling.

3. We are in the process of reviewing position requirements for Support careerists in our components. In the near future we hope that we will be able to confirm our requirements to you as we move into the FY 83 and FY 84 budget years.
