STRESS DISTRIBUTION AROUND HOLES

G N Savin Washington NASA Nov. 1970 1005 p refs
Transl into ENGLISH of the book "Raspredeleniye Napryazheniy
Okolo Otvorstiy" Kiev, Naukova Dumka Press, 1968
(Contract NASw 1695)

(NASA TT-F 607) Avail NTIS HC \$10.00/MF \$0.65 CSCL 20K

Results of research on the concentration of stresses around
holes and fissures are reported in a form convenient for application.
The influence of rounding the corners of holes, distance between
holes, rigidity of a fastening ring, and related problems are
considered. Methods of solving these problems are given in the form
of graphs, tables, and formulas. Each of the 12 chapters in the
book treats a phase of the problem independently. A list of
references is included at the end of each chapter. E.M.C.
