Office of Legislative Counsel

Wednesday - 11 August 1954

- - - - -

1. In connection with the request for the appearance of representatives of CIA before the Joint Committee on Atomic Energy this morning in support of H. R. 10203 (S. 3851), the Director felt that it would be advisable if a representative of CIA were present to render such assistance as might be necessary. Mr. Houston and I, therefore, attended the Committee meeting. Present were Chairman Cole, Senators Hickenlooper, Bricker and Pastore, and Congressmen Durham, Van Zandt, Price, Jenkins and Kilday. (See General Counsel's Memorandum for the Record this date).
