TO : Legislative Counsel

FROM : Assistant to the Director

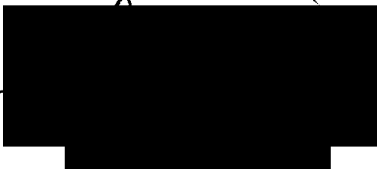

SUBJECT: Attached Memo re Mitchell

DATE: 19 May 1952

*File: Katryn*

Will you get together with Mitchell and work this out. If we can conveniently assist with a translator, I see no great objection to it, particularly inasmuch as the committee's work has been useful to the government, psychologically. You will note there is no indication as to how much work is involved. I shouldn't imagine that there are too many letters.
