Mr. Thomas Latimer  
U.S. House of Representatives  
Permanent Select Committee on Intelligence  
Washington, D.C. 20505

Dear Tom:

I am sorry to learn that you will be unable to attend the Center's 10-12 May conference on Ethics and the Profession of Intelligence [redacted] While I know that being away for three days could present a problem, I had hoped that you would attend one or two of the sessions at the beginning or end. Your absence will be felt.

STAT

Could you suggest someone from your staff who would be free to attend two or more of the sessions and participate in the plenary and small group discussions? We are designing the conference as a learning experience--with the assistance of people from the Kennedy Institute and possibly the Hastings Center, as well.

A more detailed agenda for the conference will be provided in two to three weeks.

I look forward to hearing from you.

Director,  
Center for the Study of Intelligence
