MEMORANDUM FOR MEMBERS OF THE INTERAGENCY GROUP FOR SPACE

SUBJECT: International Cooperation on the Space Station
Program -- Draft Report (C)

Many thoughtful comments have been received on the draft report on approaches to international cooperation on the Space Station program. Because of the importance of laying a solid foundation for the international aspects of this program, the NSC will chair an interagency drafting team to incorporate various agency comments into the draft report which has been circulated. (C)

In order to implement the President's directive that this program be open to our friends and allies, we must be in a position to begin meaningful substantive discussions immediately after the London Economic Summit. Thus the draft report will be finalized by May 4 so that it can be approved by the President prior to the final summit preparatory meeting. (C)

The first meeting of the drafting team will be on April 9, 1983 at 1:00 p.m. in Room 5026 of the New Executive Office Building. Please notify Gil Rye, Director of Space Programs, NSC Staff (395-5022), of the name of your attendee. (U)

J. M. Poindexter
Deputy Assistant to the President
for National Security Affairs
