MEMORANDUM FOR: Director, Defense Intelligence Agency

SUBJECT: Approval of Additional T-KH
Billets Requested by DIA

1. This office has recently signed off on a backlog of requests for T and KH billets. I wish to apologize for any inconvenience the delay may have caused, and at the same time I wish to express the thanks of this office to  for his cooperation in trying to resolve the questions which assailed us at the time that the first requests were received. As explained in our initial cable on the subject, we were concerned about two things:

b. Concurrent with these requests considerable increases in the T-KH billets for those engaged in the sanitization of materials essential to military planning, including maps and charts, were also received.

2. You will appreciate that on the one hand we are concerned at the snowballing effect of granting clearances to new military elements, while on the other we would hope that an increase in the sanitization effort should be able to take care of the requirements of these elements. It is my personal opinion that improvements can be made in the latter area. I must confess, however, some frustration, specifically in identifying improvements and making suggestions as to necessary bureaucratic controls, until USIB has had

an opportunity to consider USIB-D-41.12/11, especially COMOR-D-7/29 and related "relaxation vs. control" questions that are pending its attention.

3. As I indicated at the outset,  has been cogent, cooperative, and persuasive. It is therefore with particular thanks to him, coupled with the feeling that he conscientiously monitors all requests, that I have been satisfied somewhat belatedly to sign off on all of these billets.
