MEMORANDUM FOR: Chief, HTAUTOMAT

SUBJECT: Stand-by for URPIC-1

1. By direction of Mr. Bissell, I yesterday officially informed Colonel Macia, in response to his query, that there was no objection to putting URPIC-1 on a stand-by basis inasmuch as it is our understanding that it would be feasible to reactivate URPIC-1 by support from Wiesbaden within 24 hours after notification.

2. I explained further to Colonel Macia that staging out of Pakistan would be conducted by the Commander of Base B with a part of his complement, that after a relatively short stay in Pakistan Commander Base B would return to Adana, and that meanwhile if action was required from Adana that portion of equipment remaining [Redacted] could be used for emergency purposes, augmented if necessary on a 24 hour basis out of Giebelstadt. I also indicated to Colonel Macia that Base B would likely continue operational until at least the fall.

50X1

3. On the basis of the foregoing, I recommend that you inform your personnel at Adana in order that they can accommodate themselves to plans for putting URPIC-1 on a stand-by basis.

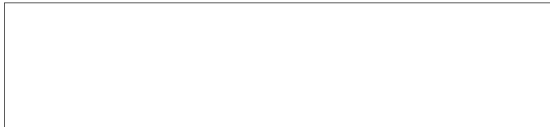

4. It is my understanding that Colonel Gibbs is informing Colonel Perry of this decision.
