MEMORANDUM FOR: Colonel James H. Macia, Jr., AFOIN
SUBJECT : Pick-up of Duplicate Positive by Strategic Air Command
REFERENCE : TH 5672-7, 12 November 1957

1. Subsequent to my receipt of the referenced memorandum, you will recall you and I discussed the suggestion which Colonel [redacted] made, namely, that the Duplicate Positive for Strategic Air Command be turned over to the USAF at Westover. You then subsequently reported to me that this would be the most convenient method of speeding up receipt by Strategic Air Command of its Duplicate Positive.

2. This memorandum is to inform you that Project Operations (Major [redacted]) will informally alert USAF when a delivery is to be made at Westover. Would you be good enough to inform Major [redacted] (with a copy to me) of the arrangements that you have made at Westover for secure receipt of the materials including the names of authorized individuals involved. Would you please also inform Major [redacted] of the names of the officers to receive the informal alert when materials are about to be delivered.
