**MEMORANDUM FOR: Chairman USIB Security Committee**

**SUBJECT: Review of the Procedures and Standards within the Intelligence Community for the Control of Sanitization and Downgrading of Sensitive Intelligence**

**REFERENCE: A Memorandum from the Chairman, USIB Security Committee, on the above subject (IBSEC-PR/4, 6 Sept 63)**

1. This memorandum is responding to your request for the concurrence or comments of COMOR on the recommendations found in the reference. COMOR concurs in the recommendation found in para 10 that COMOR should review its current sanitization procedures.

2. For your information, COMOR is establishing a sub-group to begin the review at once. It is suggested that it would be helpful to the Committee if a representative of the IBSEC or possibly someone on the staff of the Chairman, would sit with the working group in the development of this review. That review will not only take into account the suggestions in your para 10, but also would develop COMOR views with regard to the definitions which could then be discussed with IBSEC.
