Instructions On File***

G-2 Comptroller

20 December 1954

Lt Col James P. Barry

G-2 Personnel for National Indications Center

1. On 17 November 1954 a Memorandum of Agreement was signed by Mr. W.J. McNeil, Asst Sec Def (Comptroller) and the Deputy Director for Administration, CIA. In this Memorandum, it was agreed that the ~~IAAC~~ defense agencies and CIA would detail personnel to staff the National Indications Center (NIC) in accordance with recommendations made by the Intelligence Advisory Committee (IAC).

2. The IAC has established a T/O for the NIC which calls for additional personnel from each of the four agencies. Navy is to provide an additional officer (a total of 2 officers) and a civilian typist; Air is to provide 2 additional officers (a total of 2), a GS-11 Graphics Specialist, and a GS-7 Secretary (all but the latter are in addition to the previous T/O). Army is to provide 2 General Duty NCO's, in addition to the officer and the GS-12 analyst now assigned from G-2.

3. It therefore is requested that 2 General Purpose NCO positions be established within G-2 for the two army NCO's to be assigned to the NIC.

JAMES P. BARRY
LtCol, GS
