At back - 30 miles back - a mountain... essentially.

away from town - official structure - about 4 stories. Surrounding area has people and structures - but (no big city) more like an outpost or a - like a - little town - small city - stretches away in a recent slope on right which would be in the mountain on night.

(FOCUS ON ACTIVITY)

> Attracted to and impressed by rugged jagged concrete blocks elevated off ends of scaffolding. Very square & stark. - supports vehicles - which can drive up on tracks on this very deep cut a gorge. As re supporting scaffolding a suspended in folding. Some ~~angles~~ angles - cement round bases

earlier wanted to say the cut is a large rounded conduit - mouth or hole - flush with the wall.

MOVE AHEAD IN TIME 20 APRIL 1980 0800hrs.
REPORT ACTIVITY.

Getting a feeling that the thing is ~~over~~ over...
that it is done ... Blankness to scaffolding & emptiness - what was there is now gone.

LOTS OF NOISE,

Large exposure of cement is now exposed.

No activity, feeling of vacantness... party is over... quiet. Nothing in there...
Very Quiet,

* Trucks going & coming messages.

elaborate type of open cage ~~in~~ moving up.
Very high up feeling.

two men in ~~open cage~~ open ~~about~~ ~~in~~ inside
