

Project 8035

Session DC-59

#7

#14

220900 May 81

Map - long irregular body of water  
dotted curved line  
curving toward river

mins to r.

reminded of conduit "flow more"  
by tube

in valley

high ground looking at low ground to N.

not many trees  
some complex & L.

big trucks

6-8 guys

borderline an body  
drop of some kind

other equipment

something blew up

people didn't jump

OK, let's get him moving around

repetition of bumps like active position

+14  
st

Lined article piece in revetment  
pointing to NE

+20  
\*\*

OK, what other perceptions does he have?

Mine or cave

To east in ravine on 3 things  
dig back into hill - could be article

To west 30-40 people in formation  
like training

lot of people w/ umbrellas

\*\*

OK, ask him to gain an appreciation for  
the nature of this activity, then  
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a  
protected valley

3-4 troops maintaining vehicles  
Veh all oriented the same way

Veh w/ real tall antennae w/ guy wires

+34  
\*\*

ask him on last time how he would  
describe the urgency of the situation

+34 \*\* Joyed the last question, he just answered  
it

+50  
\*\*
