A2 Bk impress
by size

Site is 3 structures on land; one structure includes
 major round surface. Another is rectangular, perhaps
 even square, is tall + wide. Another is small solid
 (compact) grey; there are tall vertical extension, suggesting
 an ALC of antennae or radio towers, etc.

A52 B1C
 radio antenna

Tall rectangular structure house apparent highly
 technical research/development activity involving complex
 electronic equipment + ~~perhaps~~ perhaps involving
 bio-electronic experiments of some sort with
 people not there voluntarily.
