SUBJECT: Briefing for IC-GDIP Staff (U)

1. (FOUO) On 16 March 1982 from 1000-1330 hours an information briefing concerning INSCOM's, GRILL FLAME Program was presented at Building T-2561. Attendees were:

IC Staff:	[REDACTED]	SG1I
GDIP Staff:	[REDACTED]	SG1J
OACSI:	LTC Carl Jordan	
	MAJ Gerald Fox	

2. (C) Topics covered during the briefing were:

- a. Different roles of INSCOM and DIA in the GRILL FLAME Program (Incl 1).
- b. History of INSCOM's involvement in GRILL FLAME.
- c. Completed projects - Requestors evaluation.
- d. Completed projects - Still under evaluation by requestors.

3. (S) The briefing was well received. The participants questions concerning target technique, project tasking and project management were all satisfactorily answered. Considerable discussion took place concerning the project cycle, i.e., tasking, operations, report preparation and forward to requestor, and external contracts especially those with SRI International.

4. (FOUO) IC staffers made the following comments:

- a. Army needs to do a better job in "selling itself." Army has a viable project which should be briefed to other selective staffers to possibly include selective Congressional and OMB staffers.

Army should not rely as much on Dr. Vorona (DIA) to represent Army as he has done in the past (LTC Jordan will take the action).

b. Army need not completely disassociate itself from DIA, but a clear distinction between the program's need be drawn. A new name for Army's program would be a desirable first step.
