

SESSION SUMMARY

~~REDACTED~~, 011

SESSION: 3 DEC 87, 1030-1047 HRS

AT THE LOCATION AND THE INSTANT OF THE EVENT, THERE WAS A  
BLINDING FLASH OF LIGHT, A FEELING OF TREMENDOUS FEAR, AND THEN NOTHING  
BUT DARKNESS. THERE IS A FEELING OF BEING SURROUNDED BY A "BUBBLE".  
WITHIN THIS "BUBBLE" IS A TERRIFIC PRESSURE INWARD, LIKE A VACUUM.  
IT'S AS IF ALL THE ATOMS AND MOLECULES CAME UNGLUED AND CAME CRASHING  
INWARD, CREATING SUCH FRICTION THAT MUCH MATTER IS CONVERTED TO ENERGY.  
THIS ALL HAPPENS IN LESS THAN AN INSTANT. I DO NOT GET ANY FEELINGS  
OF AN "EXPLOSION", BUT RATHER MORE OF AN "IMPLOSION". THIS IMMENSE  
PRESSURE IS DIRECTED INWARD WITHIN THIS BUBBLE, NOT OUTWARD.

THE PERSONNEL, AT GROUND ZERO, WHO PARTICIPATED IN THIS  
EVENT (I feel that they are no longer with us), MAY HAVE BEEN TRYING TO SEEK  
COVER FOR SOME REASON AT THE TIME, BUT WERE RELATIVELY IN THE OPEN.

I DO NOT FIND THEM IN VEHICLES, OR BUILDINGS, FOR EXAMPLE.

4 1/2 - at the location there is a terrific fear. Then a bright flash  
--- then darkness. Standing outside and frozen in time.... there  
is a terrific pressure inside the bubble. Its as if atoms and molecules  
became unglued and all collapsed in on themselves creating tremendous  
heat and conversions of matter to energy.... this all takes place in an  
instant (AOL - like a star collapsing).

like a ray gun from the movie  
"The Day The Earth Stood Still!!!"

BIZARRE!!

Not getting the feeling of an explosion, but more of  
an implosion like event. The destruction is contained within  
the bubble. Incredible pressure involved ~~is~~ like a <sup>the pressure is inward</sup> vacuum <sup>and not outward</sup>.

Persons appear to be somewhat in the open. They may  
be trying to hide behind something at the time, but do not appear  
to be "in" something at the time (i.e. - not in a vehicle or structure)
