1. (S/NF/SK) MISSION: Determine and describe the scope and nature of a key activity of intelligence interest at a geographical location represented by Encrypted Coordinates 815470/766420.

2. (S/NF/SK) VIEWER TASKING: Continue to describe the scope and nature of the key activity conceptually accessed and described during the course of Session 01.

3. (S/NF/SK) COMMENTS: No inclemencies noted. O25 USED ERV METHODOLOGY FOLLOWED BY CRV METHODOLOGY TO REFINE THE DATA. O25 exceptionally pleased with the results of the viewing effort. Results of the effort from the customer will determine if indeed the effort is in consonance with O25's expectations. A Summary of Information is attached to this report.

SUMMARY OF INFORMATION

The site is flat with farm land in the area. A red and white flag is present. The activity includes extensive piping and fire sparks, thus creating light sound waves and ~~ex~~haustive fumes (clouding and upheaval). See attached sketches. This is a war means (physics) and its elements are destructive. Hydro activity and resonance are emphasized. The hydro activity causes the clouding effect. The purpose is to commence resonance and restrict the presence of negative activity. This object is large, shaped like a pencil, and used selectively. For responsible performance w/attendance, a driving mechanism is utilized (elevation).

This is a hydro**tr**omb.

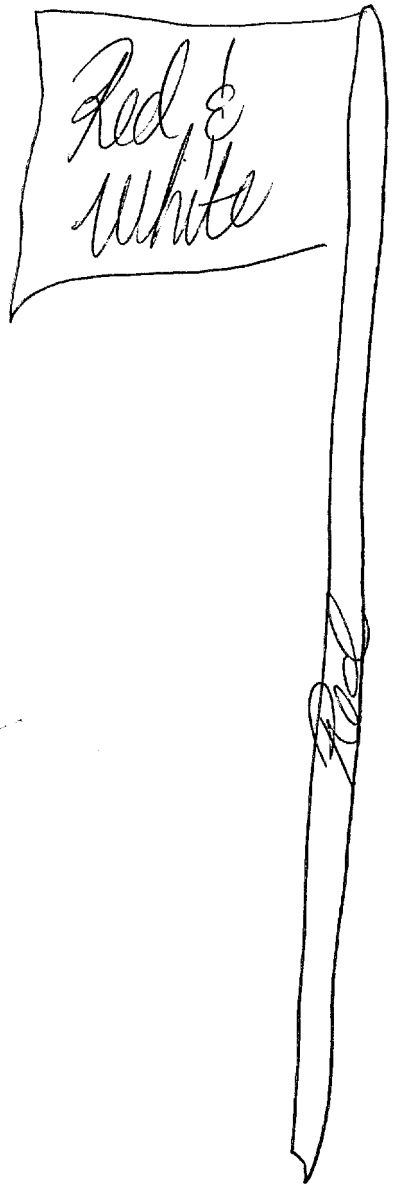

Hydro - "Water. A combining form of hydrogen, often indicating a combination of hydrogen with some negative element or radical."

Hydrobomb - "An aerial torpedo propelled by a rocket engine after entering the water."
