1. (S/SK) MISSION: To describe the target sites (Movement exercise included a nuclear weapons storage complex, a railroad switch yard, an airfield, and a grain elevator beside railroad tracks) in Stage 3 terminology.
2. (S/SK) VIEWER TASKING: Frontloading of "Session will contain several sites with practice in moving between them" plus the last 5 digits of the B.E. number specific to each site. physical site.
3. (S/SK) COMMENTS: No Physical Inclemencies. 052 moved quickly into Stage 3. Upon first firmly identifiably correct Stage 3 impression of the sub-target, 052 was moved to the next sub-target. This proved to be uncomfortable for 052, but only because of the desire to gain more detail for each sub-target visited. No problems were encountered.
