DATE: 8 DEC 1988
START TIME:1330L
END TIME: 1415L

Site is a structure. The design and construction of the target is arching, rounded, wide base with columns. The structure has a steel frame or support with a great deal of stone surrounding it (AOL marble and over sized brick).

The target is located in a city, and there are many structures which resemble this one in purpose and design.

There is a great deal of activity associated with the target -- visiting, tourists, diplomats etc.
