PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: 0216

SESSION NUMBER: 1

DATE OF SESSION: 21 JUN 88

DATE OF REPORT: 21 JUN 88

START: 1042

END: 1155

METHODOLOGY: CRV

VIEWER IDENTIFIER: 095

1. (S/NF/SK) MISSION: Advanced training (requested by viewer). Objective was to explore associations, particularly intangibles, connected with an artifact (a sword). At no time did the monitor allow the viewer to become completely aware of the target object in order to preclude the restricting effects of awareness. Great care was taken to keep monitor feedback/dialogue to a minimum.
2. (S/NF/SK) VIEWER TASKING: Coordinates initially, later Stage 6 time line movements.
3. (S/NF/SK) COMMENTS: 095 had recently expressed concerned that CRV skills were deteriorating, particularly with respect to the perception of intangibles. This very difficult session was conducted both to bolster the viewer's confidence and to break away from the tedium imposed by repeated contact with only one or two classes of (operational) targets.
4. (S/NF/SK) EVALUATION: [REDACTED] Superb psychic performance.

(Past) Site was flat, dry, rolling, brown, warm land with water nearby and a big, white and gold, wide, open structure with something curved and displacable (AOL: tent-like) on it (AOL: orthodox cathedral). The big structure was older and segregated because of its function. (AOL: important/esteemed). The structure had important significance. Inside the structure were big support columns (AOL/S: wood) and a low whispering sound. Inside the structure also was the object which was thin, smooth, curved and etched (See AOL sketch pg. 7). The object was segregated by its idea. Associated with the structure were tan-skinned, dark haired people and a green flag with white in a horizontal pattern.

(Object fabrication/original owner) The object was fabricated in a small, boxy room with rough white walls by an artisan (AOL: serf) in white clothing. The first owner was a confident, authoritarian middle aged man who was upper-class either because of his intellect or his money. Associated with this man was a very pious, lithe woman with long dark hair. She was in a very simple, austere room. Yet everything in the room was of the finest quality. A sumptuous tapestry was on the wall. While she was wealthy she was purposefully austere.

(Possessor at point 2) A dark man who obtained the object through strife. (Fast visual of men on horseback slashing each other - AOL moors/ conquistadors). He wore bright clothing with lots of silver in it. The object was related to AOL/S: power/religion.

(Possessor at point 3) A thin white man, a trader. (AOL: bazaar).

(Present owner) A methodical, even-tempered, peaceful, middle-aged man who is like (AOL/S) a curator.
