(54-5 1/2: watch non affiliated groups, people, events, trends
etc., while same time keeping tabs on - monitoring
situation of - their own operatives & personnel, who
are in a sense of "being monitored" - ~~the~~
environment being monitored.

The structure involves a oblong structure with angles
 & rounded components. At least part of interior is
 open, brightly lit, w/ various cbe schemes. Function
 at present, it is the location sometimes, maybe
 frequently of a gathering of people. Structure seems to
 be a center for coordination & control of activities.
 Sometimes a "wafdi" is maintain during critical
 times, which monitors events, situations, trends, etc.
 in the environment being monitored, but also keeps
 tabs on groups or "operational elements" of the
 organization ~~occupies~~ as is the structure.
