Dear Sir;

This letter is to compliment the outstanding work of one of your instructors, Mr. Gharith Pendragon, who taught an interesting non-credit survey course in parapsychology which I was priveleged to attend at your institution.

The courses were well taught, comprehensive and examined all areas and issues with fairness and impartiality. The material was well researched, up to date and organized. References were extensive and representative of a legitimate body of scientific effort.

I have taught in under-graduate, professional and graduate level courses at Purdue University and can assure you that from my view Mr. Pendragon's course was taught with competence and a high level of professionalism.

I would like to extend my sincere appreciation to him and to your institution.

Sincerely Yours,

William S. Johnson, DVM, MS, MPH
