(U) PREFACE:

(S/NF/SG/LIMDIS) The Special Activity Report is the fourth in a series of reports which provides data in response to a request from Joint Task Force Five (JTF-5) in Alameda, California. The data provided in this report will be used by the J22 division in their assessment effort regarding their counterdrug mission. The information provided in this report was generated by PAG-TA employing remote viewing (RV) methodologies.

SG1A

(S/NF/SG/LIMDIS) The data provided in this report is the fourth in a series of taskings. This project concentrated on the target vessel [REDACTED]. The results were forwarded to JTF-5 by secure fax on 30 March 1994. The JTF-5 evaluation feedback is at Appendix B.

(S/NF/SG/LIMDIS) The methodology used in this activity is exploratory. Results should not be considered as stand-alone; but used or evaluated in conjunction with other proven data sources (HUMINT, SIGINT, IMAGERY, OPEN SOURCE, and/or MASINT). Generic data (e.g., general shapes) are more reliable than specific data (e.g. dimensions, names).

(S/NF/SG/LIMDIS) Following are the perceived highlights from each source.

- (S/NF/SG/LIMDIS) Source A:

SG1A

-- The target known as the [REDACTED] is a medium sized vessel in terms of footage which is light and black in color with a tall perhaps circular centerpiece. The target is in good condition. The vessel is associated with white rock or white rocks, probably in reference to its cargo (possibly cocaine) or is near a location with white rock chips. The vessel is in a warm location with palm plants and beach side waters. The Nataly is located in the gulf or is harbored. A crew member of this vessel is caucasian with a slender face and is sporting a light mustache beard combination or goatee.

- (S/NF/SG/LIMDIS) Source B:

-- The following information applicable to the target Nataly was perceived:

--- a fleet of similar wooden vessels.

--- swirling motion; flopping motion; back-and-forth motion.

- (S/NF/SG/LIMDIS) Source C:

-- The target is a vessel that has been largely suspected in the past of carrying contraband in the form of illegal drugs. This vessel has a known route of travel. The vessel is consistent of how it is smuggling drugs. The vessel is currently on waters sailing . It is surrounded by two larger vessels. It seems there may be an off-loading of the contraband into one of these larger vessels in the near future (several days) and then this vessel will go into port. This vessel may be working with call signs as to given them indications of where to sail.

-- The contraband is hidden in big square boxes that contain art pictures. The contraband may be inside the pictures. The pictures contain the color blue and look like animal pictures.

-- A brown haired man who is American has been involved heavily with this vessel and its activities.

-- It has been very difficult to catch this vessel and its illegal activities.

-- The name "Gabrielle/Gabriella" surfaced as to the name of a second vessel that may be involved in illegal activities.

-- The contraband is cocaine.

-- A triangle was perceived (sketch a).
