

Summary of Information

The target is a male that is old or elderly with dark stringy hair. He is a "grandfatherly" type and tends to look through, rather than at, objects. He is slumped down in a chair. He has military followers, is arrogant and ill-equipped for his job. He is incompetent in general and is brutal and sinister. There is, or has been, a transvestite associated in some way with this individual.

He is working with rumbled paper with a blue surface. The activity resembles a map with coordinates.

There is a mystical aspect to this individual. The concept of levitation somehow is associated with him. He has been pampered and spoiled.

There is a spoiled or stale food smell, apples and smoke associated with this individual. Also a kettle. There are juxtapositioned stripes, a radio playing a salty grease taste. There are slicing sounds, birds or sea birds and gravel or coarse sand. A very fragile glass-like object is present (see diagram).

There are a series of blue "V"'s and a long, narrow passageway. Ground or earth is very important.

Then a massive ADL overdrive of [REDACTED] which I have not been able to eliminate. In fact, my perception of him in my session was simultaneous with him calling the unit and speaking with Jeanie on the 25th of July.
