SOURCE: 052  
SESSION: 01  
MONITOR: NONE  
SESSION CLASS: A  
SESSION TYPE: CRV

SUMMARY OF INFORMATION:

The target person is a female. She is short, approximately 5'2", has medium-length brown hair and brown eyes. She has a deep, raspy voice. She is affectionate yet strong. She seems to think that she is the "lonely one" or "only one" of something. She seems to be in a lot of piercing pain. There is something that involves a fire. It is very hot and I could see flames. It is possible that she died in the fire or felt her life "slipping away". There are a lot of bright colors, especially red. There is a "rushing" sound, a strong smell that makes me sneeze, and a sour/bitter taste.

There is a large, rounded, fuzzy shape that is associated with this person. It starts off very large and dark, and seems to move further and further away or gets smaller. It is red, then it gets brighter and brighter. There is also a sudden "bang" or flash that stunned me. There is a male person with a beard that is associated with her somehow.
