b. (U) Subcontracting Competition: The same basic reasons for this other than full and open competition for SAIC also apply to subcontractor selection. There are only a few individuals/facilities available that have any established expertise for supporting a portion of this unique research area. It would not be timely or cost advantageous to the government for the Contractor to pursue competitive action for the highly specialized support that may be required.

11. (U) Technical Certification:

I hereby certify that the supporting data under my cognizance which are included in the J&A are accurate and complete to the best of my knowledge and belief.

13. (U) Fair and Reasonableness Cost/Price Determination: A detailed technical and cost proposal will be required from the contractor, SAIC. Prior to award, the Government will conduct an in-depth analysis of all technical and cost aspects of this requirement. Based on the outcome, a fair and reasonable cost will be negotiated. Therefore, I hereby determine that the anticipated cost for this contract action will be fair and reasonable.

14. (U) Contracting Officer Certification:

In accordance with FAR 6.303-2 (a) (12), I hereby certify that the facts and representation under my cognizance, which are included in this J&A, are accurate and complete to the best of my knowledge and belief.
