Self Structure accomplishes a purpose. It involves a large organization
'like' a government. Structure is well established. Meant to
last a long time. Strongly organized to it like inside & open to
sky. Supporting & related structures nearby.. Technology
feel - large scale. Long distances.

Selz seems young. Sense of this person being revered or respected. Sought out but not the way celebrities would be. Light color white clothes. Patient.

consultant, also is a focus of -ultimate/final appeal for
 difficult decisions, which have to do with the enterprise
 direction of movement, proper goals, ultimate purpose and
 unposed problems. Organization is dynamic, intended to
 be open ended. Tries to persuade others of the
 benefits of cooperation + support of it. Seem to be
 non-competitive, + also subtle in its approach to subs.

S4 1/2 develop a better "angle of attack" to improve efficiency and speed accomplishment of results. Seem to spend most of their time trying to talk people into something functioning by persuasion as opposed to coercion.

Person perceived before is "eureka" - leaders of organizations come up w/ the ideas & ~~perform~~ ^{form +} ~~supervise~~ ^{supervise} plan as to how to proceed. Only when they run into something they absolutely can't handle, they consult w/ "the boss"

5th Impression is that person is aware of it but
has "wait and see" attitude; ~~not~~ mildly interested, somewhat
amused; Curious to see how the people involved deal w/
situation. But situation has little direct impact &
relevance to him particularly. Person feels
very detached from everything.
