

①

- Structure big tall long - elongated window
- Resembles Tech facility a plant.

- Sleuth -

- N/S Development?

- Existed here.

- Along lines of RMS + Resalt + ed a own. but + Science applications

low density complex systems.

modernized small systems

small systems - Soviet ind

- Dover Com

- PSM

(2)

Area

Small pieces of bed rock
smaller than
submarine
Water

Stewart / Stewart

other structures +
combined - in the
structures.

Gate closed in area
Rounded off (some is)

high on the first
row.

high interest
Submarine

Red

smaller faster like the
Tomoddy -

Low intensity signals

3

+ smaller faster

- submarine like a bomb

faster model
like a lion movie

- more complex
aspect

- more computerized

- micro chip size

- Robot submarine yes

- Out in water to
collect transponder
info

Prest
4

yes

1

structure -
content

* Developmental Activity -

structure - big angles, tall, long,
elongated with windows

resembles - technical facility
resembles - plant -

? is there any developmental?

(sketch -)

yes

existed here for some time

SNR - along the lines
RNR

placed - logical thinking
concerned ^{with} low density.

giving work to Balatun

* Subtropical
Stueweert

gas lands -
other structure (outdoor looks

2

modernizing small weapons systems

D -

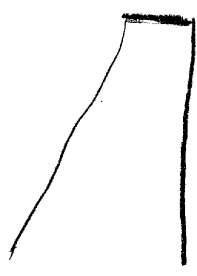

come down to

Structure Relays

Complex-personnel.

strategic in nature Soviet design -

describe Area

Small cloudy

Cold -

Suby

Submarine maybe water

Nearby

Subtropical

Steuwert

Other structure (outdoor looks

3

Combine your nature
with other structures

Jates - not so much

Optis -

- an area rounding
off.

- place is high on list
to know what is going on

Chemical

- ? Is develop. activity here to do
with subnunes?

Yes

smaller faster. zipping through
system for low intensity conflicts

Smaller

4

Submarine hold weaponry
moving thru waters
like a lion - moving
fast.

Is it actively something
used by Sub

Yes

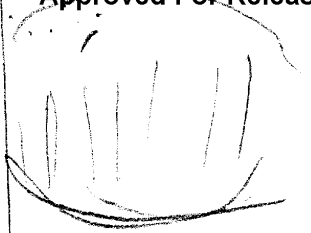

Sub itself is more complex-
computerized -
no man on board -

? Robot Sub?

Yes

Can go out in waters & collect
info - come back on tape
Voice matching

5

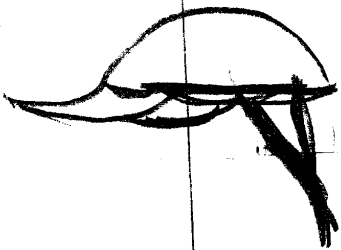

Weaponry
devices put on snap +

unsnap -
little tiny Bombers -
going off in different directions

Piter
Rotas
Ritter

DIA + Contractors - Working on
this

Do plans intend for men to be
on Board? Yes
