

From the 1st issue

Approved For Release 2000/08/15 : CIA-RDP96-00792R000400420002-6

The Chinese Journal of Somatic Science is an academic magazine. It is primarily targeted at readers who are college graduates. It was approved for publication and public distribution in April 1989 by the State Science Commission. The first issue appeared in July 1990. It primarily publishes the results of somatic science experiments.

It generally will have the following sections

- reports on experiments
- hypotheses and exploration
- inquiries and controversies
- philosophical research
- + translation of foreign articles
- articles by persons with paranormal abilities
- book reviews
- summaries
- personalities
- conferences
- new books
- letters to the editor
- readers' guide

Another mission of this magazine is to carry out exchanges with the rest of the world.

LN190-91
