MEMORANDUM FOR: MC A02A

SUBJECT: Results of Photo Comparison
Case No. 10,099, Capt. R.E. HOLDERMAN RAMSAY

REFERENCE: DIA AP 365 2-68-INT
Photo No. 45

1. The following report contains the final technical results of the comparison between the sensitized photo and the enclosed photos submitted by your office.

2. The very poor quality of picture #45 in the POW book prevents a conclusive judgement; however, the following similarities are noted. Ramsay and POW 45 have caliper lines which appear to start just above the nostril and extend to the chin; the slightly jutting chin with deep indentation under the lower lip and the lipline and shape appear very similar on both individuals.
