Passport IX-SA No. 601266

1. The passport blank is of our manufacture. In appearance it cannot be distinguished from an original of the 1954 printing (RSFSR).
2. The first two pages are filled in according to the data in a passport actually issued to a certain Vladimir Grigor'yevich BUTOV. The serial number, cachets, signatures, and all entries in points 1-8 are exactly the same as in the passport of the real BUTOV.
3. We did not fill in the "bearer's signature" since we believe it better for you to sign the passport yourself (in BUTOV's name of course): PLEASE DO NOT FORGET TO SIGN THE PASSPORT (p. 1, entry 4).
4. We never had contact with BUTOV. We know about him only that he was a guide at the Brussels World Fair and on the "Gruziya." We suppose that he is still living in Moscow, but we do not know his address or place of employment.
5. The main advantage of such a passport (as opposed to a completely notional identity) is that if there should be any inquiries, the 106th Militia Dept. in Moscow can confirm that such a passport was indeed issued to BUTOV, and that BUTOV was actually registered with them.
6. We had to take the place of work and the address from other sources, since we do not have this data for BUTOV himself. We registered you on Yakovlevskiy Pereulok 11, apt. 13, since this street is located in the 106th Otd Mil. We don't know who actually lives there, but believe this not to be an important point since you will use this passport only outside of Moscow.
7. Your place of employment is GSPI - the All-Union Design Institute No. 10 (formerly of the Ministry of Aviation Industry). It is located on Kutuzovskiy Prospekt 5-9, P.O. Box 1401.
8. BUTOV is liable to military service and we did not want to dream up his military history in order to fill out a voyennyi bilet. Therefore, with this passport you can travel around the country and register temporarily, but application for permanent residence could cause trouble on account of the military registration problem. We are preparing a second set of documents for you under a different name where you will be not liable to military service for medical reasons and will have a document to this effect. With this set you will receive cachets with which you can deregister and disemploy yourself, and will have the possibility of applying for permanent registration if that becomes necessary.
