

Capt. Ned R. Herrold

UNCLASSIFIED

The photo analysis made of Capt. Herrold with the basketball photographs in question follows. (A more meaningful comparison could result with a photograph of Capt. Herrold in somewhat the same angle as the POW).

The angle of the upper rear helix of POW's ear is not evident on Capt. Herrold's photograph; POW's hairline appears lower ~~than the Captain's~~ and his overall face shape seems smaller than the Captain's.

As a result of the above observations, it is the opinion of this office that POW is probably not Capt. Herrold.
