DAILY REPORT #2

1. Following the arrival of agents, MAX and FRITZ, from Spain, we got in touch with civilian prison camps at SCHIRMECK and found it was not possible to intern a man for the purposes of interrogation unless authorized by Gen SCHWARTZ, CO, 10th Region. He will be contacted through Col WILSON, 3rd Division, in charge of civilian affairs, and we hope tomorrow afternoon to be able to intern these agents, also the two girls, [REDACTED] who will see what recruiting can be done in the women's prison camp. 2. At a further meeting with Cdt BERNARD, it was agreed that he would again try to join [REDACTED] at SCHIRMECK and report to base at 1500 h, 19 December. As stated in yesterday's Daily Report, we hold a letter of introduction to [REDACTED] and we will also try to see him in MULHOUSE in case he should be there.

3. We intend going to MULHOUSE on 19 December in order to pick up in ALTKIRCH new addresses in Germany; bring back [REDACTED] an agent recommended to us by Capt DUNGLER; interview if possible a man from the Gestapo reported to be hiding in MULHOUSE; bring back DUNGLER for further conversations at Base, if latter has returned from Switzerland.

4. We obtained addresses of people said to be reliable in TOTTMOS (where we have photographs of a possible pin-point); in RICKENBACK and MURG in the region of SACKINGEN; in OFFENBURG, HEIDELBERG, and KREFELD (NW of DUSSELDORF).
