FROM Chief, WH

SUBJECT { GENERAL
SPECIFIC Radio Scripts Prepared by GUYOL

RYBAT/PBSUCCESS

1. As per the instructions of Terence E. GASSETT on his last visit to Headquarters, Maurice GUYOL was instructed to prepare short (not over three pages) BGGYPSY radio scripts for the purpose of use as background or filler material.

2. In view of the background of GUYOL, Headquarters took the liberty of suggesting to GUYOL that the aforementioned material should be slanted toward women since, so far as Headquarters is aware, LINCOLN has no one to write said type materials or is as familiar with the international BGGYPSY women's movement.

3. GUYOL is trying very hard to turn-out material which may be of value to LINCOLN and Headquarters would appreciate any comments or guidance it may have re the attachments and any future production.
