Fort Matamoras, ammunition storage

Reference: LINC-2174

1. Fort Matamoras is also known as Maestranza Ordnance Depot and is used for transportation storage. Army Attache report r-10-52 was forwarded with HGGA-941. Also a photograph was forwarded with HGGA-916.

2. Preliminary investigation indicates there is no ammunition storage at this depot, however, a more thorough examination of the area is in process. If ammunition storage is discovered, you will be advised by subsequent dispatch or cable.
