DISPATCH NO. HUL-A- 888

RYBAT/PBSUCCESS/SECRET  
CLASSIFICATION

DATE 23 MAY 1954

TO PBSUCCESS Headquarters

FROM LINCOLN

SUBJECT { GENERAL Operational Matters  
SPECIFIC Arthur G. Vaivada

REF: [ ] 205, 3 May 1954

1. In view of the information obtained in the reference report it is believed advisable that Vaivada have no further contacts with PBSUCCESS activities, despite the fact that no definite information indicating that the agent is blown has been received to date [ ] 1223 of 14 May).

2. It is recommended that the [ ] station be directed to continue its efforts to learn the name of the person to whom [ ] is referring. It is very possible that [ ] has no concrete information. Certainly his credibility is made extremely questionable by the quality of the other reports which he presented for the consideration of the meeting.
