MEMORANDUM FOR: Chief, Personnel Security Division
THROUGH : DD/PS
SUBJECT : [] Notebook

1. I have just finished reading the [] Notebook prepared by your Division. In my opinion, this is an extraordinarily outstanding job. It not only meets the requirements established by me at the outset, but far exceeds them in organization, detail and clarity of expression.

2. I can think of no other questions that are not answered by this document and wish to commend personally all of your people who contributed to this preparation. In a broader sense, the performance of the [] the DD/PS and the ADD/PS throughout the entire [] has been outstanding. I know of no other effort in my [] years of experience with the Agency that can approach this one. Our response in this case is of critical importance to this Office. My only regret is that all of this time and effort has had to be devoted to a situation of such an essentially negative character.

3. By this memorandum, I am requesting that the DD/PS arrange to have copies of this memorandum placed in the Office of Security Personnel Files of those individuals who have contributed to this effort.

[]

Howard J. O'Jorn
Director of Security
