

APPROVED FOR RELEASE DATE:

4 April 1973

Mr. Bradford Mills, President  
Overseas Private Investment Corporation  
1129 20th Street, N. W.  
Washington, D. C. 20527

Dear Mr. Mills:

As you no doubt have noted, the Agency concluded on very short notice that it was necessary to make Mr. William V. Broe available to the Church Subcommittee. The appearance was in Executive Session, under oath, and the agreement was to limit Mr. Broe's testimony to his contacts with ITT personnel in 1970 concerning the Chilean election.

The transcript, which was later released for the open record, was the complete testimony in the area of agreement, and any excisions indicated in the released testimony were on matters discussed in the Executive Session hearing and were outside of the scope of the agreement. The testimony placed on the open record is, therefore, a complete account of Mr. Broe's contacts with ITT in 1970 on the subject of the Chilean election. I am sure you have the transcript of this testimony, but nevertheless I enclose a copy.

Sincerely,

Lawrence R. Houston  
General Counsel
