17 January 1956

Executive Officer/SI

Earth Satellite Program

1. An Agency decision has been reached establishing OSI as the focal point on the Earth Satellite Program. The AD has directed that staff supervision of the program will be the responsibility of the DAD/C with substantive responsibility assigned to Guided Missiles.

2. Accordingly, action on the attached letter to Mr. Dulles is assigned to Collection Staff. It is suggested that Mr. Furnas be contacted immediately and arrangements made for Office representatives to attend tomorrow's meeting.
