Reference 2007-00498

To Scott Koch or Whom It May Concern,

February 14, 2013

When I made the request for information in 2007 about [redacted] Paul Esselborn Geier, (see reference number above) I didn't realize that I needed to include the place of his birth and date of his death and evidence of his death.

(b)(6)

Now I'm able to provide that information and would like to renew my request. At the time, the fees for research included the first two hours and/or 100 pages for free with a charge of .10 cents per page for copying after that. Also the response letter I got from the agency in 2007 stated that an average search cost about \$150.

Assuming that fees may have gone up, I'm enclosing a check for \$200.00 (two hundred dollars). Please let me know if there are any additional fees and I'll send another check.

Here's the complete set of information needed to fulfill my request:

Paul Esselborn Geier.: Born November 19, 1914 in Cincinnati, Ohio. Died November 23, 1981 at Vienna, Austria.

I can't find online obituaries, so I hope this photo of his grave is sufficient.

Thank you

[redacted]

Amey D. Garber
