SUBJECT: Trace Request - Werner GLASENAPP, et al

REFERENCE: Our Memo #15114, 25 July 1957

1. Referenced memorandum forwarded information which alleged that GLASENAPP was employed by GANNA and was in contact with Richard HENNIG and Max FERNICK. We have recently learned from a West Berlin police interrogation of Fritz AHNED, born 27 February 1929 in Magdeburg, that during the end of 1956 and until the middle of 1957 AHNED was in contact with a Mr. MILLER and Richard HENNIG who claimed to represent a NATO intelligence service. However, this contact was subsequently broken when HENNIG indicated he was breaking contact with Mr. MILLER's organization since he preferred to work for the GANNA organization. Furthermore, AHNED has admitted reporting the details of these contacts to the HCS since he was also in contact with that organization during the same period.

2. EGS would appreciate receiving any information available to GANNA relative to GLASENAPP's contact with your organization and AHNED's contact with MILLER and HENNIG. Any information GANNA might supply regarding this relationship would be of value when interrogating AHNED on his contact with the HCS. We also would like to apprehend HENNIG and interrogate him regarding the above events but feel we should first determine if he actually was or is in contact with a Western intelligence agency before initiating this action.

3. During May 1957 GANNA supplied EGS with information from their files regarding Werner GLASENAPP's contact with the Indian Journalist Amar LAHIRI aka LAHIRE and their activities. This information indicated that both GLASENAPP and LAHIRI were believed to be working for an Eastern intelligence agency. EGS would also appreciate receiving any information available that explains the reasons for believing these persons have or had Eastern intelligence connections.
