Memorandum for the Record:

The attached material represents a portion of the info and references I was able to dig up after finding the card on Erich HEINE, dob 1918 (see attached card).

Further attempts to identify the Erich HEINE reveals that info from several different sources has been welded into one report on HEINE. It would seem, on the basis of material I examined in CI Staff that the Erich HEINE of dob 1918 is not identical with ~~the~~ an individual by the same name who was born in 1913.

If info on the card refers to ~~the~~ Erich HEINE [], then a lot of unexplained items in his background during the 1941-43 period fall into place.

Further research could be conducted in several safes full of EQUAC material in CI Staff. [ATC157210111]
