MEMORANDUM FOR: National Foreign Intelligence Board Principals

SUBJECT: Homeland Security Presidential Directive  
(HSPD)

(C) The second Homeland Security Presidential Directive (HSPD) has been promulgated. It establishes a Foreign Terrorist Tracking Task Force to ensure that federal agencies coordinate programs relative to the denial of entry into the United States of aliens suspected of supporting terrorist activity and the location, detention, prosecution, or deportation of suspect aliens within the United States.

(C) The HSPD assigns a mix of tasks and responsibilities to the Intelligence Community (IC). Nearly all of these involve a variety of substantive and technology issues that fall within the purview of the Mission and Technology Integration Board (MTIB). The MTIB, jointly chaired by the Assistant Director of Central Intelligence for Analysis and Production (ADCI/A&P) and the Intelligence Community Chief Information Officer, was approved by the Intelligence Community Deputies Committee last July, as part of the Intelligence Community System for Information Sharing (ICSIS) initiative.

(C) There are four specific tasks for the Intelligence Community:
