25 January 2012

The Honorable Eric H. Holder, Jr.
Attorney General
Washington, D.C. 20530-0009

Eric
Dear Mr. Attorney General:

I understand that various members of Congress have requested the Department of Justice (DOJ) investigate certain alleged improper activities of the New York City Police Department (NYPD), and include within its investigation a review of the Central Intelligence Agency's (CIA) relationship with the NYPD. The congressional requests referenced media reports concerning these matters.

As you consider these congressional requests, you may also wish to consider the views of the CIA's Inspector General (IG) regarding CIA's relationship with the NYPD. The CIA's IG recently completed a review of certain CIA support to, and involvement with, the NYPD, including the NYPD Intelligence Division (NYPD-ID). CIA notified the Intelligence Oversight Board of the inquiry and has provided information to both Congressional Intelligence Oversight Committees.

The Executive Summary of the Inspector General's report is enclosed for your consideration. Please let me know if we may be of any further assistance to you or the Department in this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dave Petraeus".
